

Alan Adams
Mental test

21/09/2009

Achieved

- Use a range of mental methods of computation with all operations (4)
- Recall multiplication facts up to 10 x 10 and quickly derive corresponding division facts (4)
- Add and subtract two digit numbers mentally (3)

Working Towards

- Multiply a simple decimal by a single digit (4)

You are working at level: 7C
Your target level: 4C

Brian Biggins
Mental test

21/09/2009

Achieved

- Recall multiplication facts up to 10 x 10 and quickly derive corresponding division facts (4)
- Multiply a simple decimal by a single digit (4)

Working Towards

- Use a range of mental methods of computation with all operations (4)

Not Achieved

- Add and subtract two digit numbers mentally (3)

You are working at level: 7C
Your target level: 4B

Callum Charles
Mental test

21/09/2009

Achieved

- Recall multiplication facts up to 10 x 10 and quickly derive corresponding division facts (4)
- Add and subtract two digit numbers mentally (3)

Working Towards

- Use a range of mental methods of computation with all operations (4)

Not Achieved

- Multiply a simple decimal by a single digit (4)

You are working at level: 6C
Your target level: 4B

Dinesh Dhatri
Mental test

21/09/2009

Achieved

- Recall multiplication facts up to 10 x 10 and quickly derive corresponding division facts (4)
- Multiply a simple decimal by a single digit (4)
- Add and subtract two digit numbers mentally (3)

Not Achieved

- Use a range of mental methods of computation with all operations (4)

You are working at level: 7C
Your target level: 5C

Erica Ericsson
Mental test

21/09/2009

Achieved

- Multiply a simple decimal by a single digit (4)
- Add and subtract two digit numbers mentally (3)

Working Towards

- Use a range of mental methods of computation with all operations (4)
- Recall multiplication facts up to 10 x 10 and quickly derive corresponding division facts (4)

You are working at level: 6C
Your target level: 4A

Fiona Finch
Mental test

21/09/2009

Working Towards

- Use a range of mental methods of computation with all operations (4)
- Recall multiplication facts up to 10 x 10 and quickly derive corresponding division facts (4)

Not Achieved

- Multiply a simple decimal by a single digit (4)
- Add and subtract two digit numbers mentally (3)

You are working at level: 6C
Your target level: 5B

Gina Giamotto
Mental test

21/09/2009

Achieved

- Recall multiplication facts up to 10 x 10 and quickly derive corresponding division facts (4)
- Multiply a simple decimal by a single digit (4)
- Add and subtract two digit numbers mentally (3)

Working Towards

- Use a range of mental methods of computation with all operations (4)

You are working at level: 6C
Your target level: 4B

Harry Hinson
Mental test

21/09/2009

Achieved

- Multiply a simple decimal by a single digit (4)
- Add and subtract two digit numbers mentally (3)

Working Towards

- Use a range of mental methods of computation with all operations (4)

Not Achieved

- Recall multiplication facts up to 10 x 10 and quickly derive corresponding division facts (4)

You are working at level: 7C
Your target level: 5B

Jimmy Jones
Mental test

21/09/2009

Achieved

- Multiply a simple decimal by a single digit (4)
- Add and subtract two digit numbers mentally (3)

Working Towards

- Use a range of mental methods of computation with all operations (4)
- Recall multiplication facts up to 10 x 10 and quickly derive corresponding division facts (4)

You are working at level: 6C
Your target level: 4C

Kelly Khan
Mental test

21/09/2009

Achieved

- Use a range of mental methods of computation with all operations (4)
- Recall multiplication facts up to 10 x 10 and quickly derive corresponding division facts (4)
- Multiply a simple decimal by a single digit (4)
- Add and subtract two digit numbers mentally (3)

You are working at level: 6C
Your target level: 5B

Lucy Lee
Mental test

21/09/2009

Working Towards

- Use a range of mental methods of computation with all operations (4)
- Recall multiplication facts up to 10 x 10 and quickly derive corresponding division facts (4)

Not Achieved

- Multiply a simple decimal by a single digit (4)
- Add and subtract two digit numbers mentally (3)

You are working at level: 6C
Your target level: 5A

Miles Mitchell
Mental test

21/09/2009

Achieved

- Recall multiplication facts up to 10 x 10 and quickly derive corresponding division facts (4)
- Multiply a simple decimal by a single digit (4)
- Add and subtract two digit numbers mentally (3)

Working Towards

- Use a range of mental methods of computation with all operations (4)

You are working at level: 7C
Your target level: 4C
